EXPERIENTIAL TEAM BUILDING

THE AFTERBURNER TOP GUN EXPERIENCE

THE TOP GUN EXPERIENCE

Your team has gathered for the first meeting of the day. Without warning, Afterburner Fighter Pilots burst in...

With megaphones and good-natured seriousness, our team takes over the meeting. What started as an unexceptional meeting becomes a high-energy session.

For the next 90 minutes, we teach your group about Flawless Execution – the framework used by elite teams to succeed in high-stakes, volatile environments.

Just as the presentation concludes, we alert your team that a competitive attack is underway. It's up to them to plan and execute the response - right now!

Following that warning, your teams are immersed in breakout sessions for an exciting, experiential simulation. We ensure the team is time pressured and task saturated, just like in their normal work environment.

The Mission is not complete until the team conducts a Debrief. The Debrief ends the mission but is the start of continuous learning. They won't just hear how to continuously improve – they'll experience it.
